STATINTL

1. I approved with
concurrence the request made
by Duke on the phone yesterday
that we get a second & third
set of the B, H, V, & K racks
made in the model shop
rather than waiting for the
setting up of a production line.
There is an urgent need for
these racks & then the production
line set up we would most
get 2nd rack under Sept. Then
the model shop we could get
42 End of July & 43 shortly
thereafter.

2. Enrie is arranging return of the
A, B, B, & E racks in this area
